

**HUSSC Local Wellness Policy Criteria:  
Taking Steps to Create a Healthier School Environment**

Thursday, March 6, 2014 2:30 pm – 4:00 pm EST

**Description:** During this webinar, presenters will provide an overview of the HealthierUS School Challenge Local School Wellness Policy criteria and an in-depth look at implementing local school wellness policies and creating a healthy school environment. Guests include a food service director and a State agency staff member who will share their experiences engaging the school community in the local school wellness policy process and creating a culture of wellness. Presenters will also provide examples of steps schools can take to move forward with wellness policy implementation and share helpful resources. There will be a Q&A session at the end of the presentation.

**Target Audience:** Regional Office Staff, State Agency Staff, District/School Staff
